Dear Assembly,

As our terms come to an end, the Nursing caucus has taken the time to reflect over the year:

1. Peer Support Fair
   Unfortunately, the Peer Support Fair was cancelled in mid-January due to timing conflicts and financial concerns. Should you have any questions, please direct them to Alex Wilson, as he was the project coordinator.

2. Social Media & Constituent Outreach
   In the first semester, as a caucus, we had planned to release a monthly vlog to update our constituents on our individual projects, but due to the very high workload of the current Communications Officer, the first video we filmed has still yet to be edited and can no longer be used.

   Moreover, like most Assembly members, we have had difficulty meeting our constituents during our outreach hours. This semester, we moved our locations to the Student Centre with the hope that the large atrium will attract more student traffic. We also began posting google forms/surveys (on our personal pages and Nursing page) that open the Friday before SRA Meetings. Using these forms allowed students to anonymously share their opinion on topics to be discussed during meetings. While the total number of students who have accessed these forms have not been super high, this mode of communication has increased the chance of Constituent participation and outreach. Lastly, we can only hope that we are reaching some of our constituents through posting the abridged meeting minutes through the Nursing page because all visitors to the google document are marked as anonymous.

3. Feedback Survey
   Unfortunately, the survey meant to examine transparency and communication within the Nursing program was not completed. As of our last report, a draft of the survey has been written; however, final edits still need to be done. Once those edits have been completed, the survey can be presented to the Dean of the School of Nursing (with or without the MUNSS President). As of now, the SRA Nursing Caucus and MUNSS Executive plan to pursue the launch of this survey – perhaps by mid-to-late April (by the incoming SRA Nursing Caucus and MUNSS Executive).
4. Collaboration with MUNSS

Meetings occurred on Monday nights this semester, and though I planned to sit in at least one meeting per month, I unfortunately could not do so. Neither Angela nor myself were able to sit on meetings due to night class.

Thank you for the previous year, and all the opportunities for leadership growth within the MSU.

Wishing you all the best in the future,

Kayla Enriquez
