PROGRESS ON YEAR PLAN
The Social Science Caucus has been making great strides on our year plan. Since May, we’ve been in contact with multiple collaborators and faculty staff to ensure we are prepared for the year. All the tasks for June have been accomplished and we’re on schedule for the rest of the year.

PAST EVENTS, PROJECTS & ACTIVITIES
• Reached out to various campus partners
• Received $75 from the Campus Store, an iClicker, and a printer for our Welcome Week Strategy

UPCOMING EVENTS, PROJECTS & ACTIVITIES
• Finalizing our different plans and initiatives for the year
• All else, see year plan

CURRENT CHALLENGES
With an open seat on the caucus, we’re one person short. As a result, we’ve had to restructure our plans to compensate for the temporary loss.

SUCCESES
Our social media presence has been very active over the summer. Many students, including the former VP Administration, have complemented our work.

OTHER
If any members of the assembly have not liked our Facebook page, please do so forthwith. We would definitely appreciate it and reciprocate the action. fb.com/SRASocialScience

Best,

Uwais Patel
