

REPORT

From the office of the...
**Student Health Education Centre
(SHEC)**

TO: Members of the Executive Board
FROM: Kesley O'Neill, SHEC Coordinator
SUBJECT: SHEC Report 2
DATE: March 13, 2014

UPDATE

We are currently in the process of hiring new volunteers and execs for the upcoming school year. We don't have too many projects going on right now as the term is coming to a close, but volunteer and exec hiring takes a considerable amount of time. We changed the interviewing structure this year to allow current volunteers to be interviewers, as in the past only the coordinator and current exec could interview prospective volunteers. Most of our events are done for the term, and SHEC week was a great success!

CURRENT CHALLENGES

I had a \$2000 standing order approved at the Underround in the fall (which we have used most of), and it hasn't showed up on SHEC's monthly financial statements, including our most recent financial statement. I contacted Maggie about it earlier this week, but she is on holiday, so once she gets back I will talk to her about it.

SUCSESSES

A record number of people applied to be a volunteer, we received approximately 80 new volunteer applications. This is double the amount of applications we received last year and on average. SHEC Week was also a success, and I would like to see it happen next year.

OTHER

Since this is my last EB report, I'd like to say that I am proud of what SHEC has accomplished this year, and that I am appreciative of the experience I've had working as coordinator.
