Dear Assembly,

The Operations Committee had a very productive summer. We passed the Constituent Outreach policy, remodeled the Clubs Executive Council to have a peer support focus, solidified MSU Wants You as a committee, and updated the Key Access policy. We also started the discussions surrounding accountability, the Services Policy, and volunteer appreciation and plan to continue them.

Now that it is a new semester, we will be turning our attention to some new topics. We aim to work with the Bylaws & Procedures Committee to figure out the best pathway for accountability and act on it to create either a policy or bylaw to define accountability measures. We will also be working with the Services Committee to give the Services Policy a much needed overhaul and see where we can help with volunteer appreciation. Apparently this semester is all about collaboration because we will be examining the findings of the Vice Presidential Elections Ad Hoc Committee and continuing last year's committee's work on creating an Inclusion Council with several interested parties.

Overall, I am grateful to have such a dedicated committee that put in the time to have so much ready for the school year. Thank you to everyone, voting and non-voting members, who attended meetings and added their unique perspectives to our discussions. I am very pleased with how the summer turned out and cannot wait to accomplish just as much this semester. Remember that we are always welcoming of new people so stop by our meetings Wednesdays at 4:30 and feel free to ask me about our work at any time. I hope to see you in the room one day!

Sincerely,

Miranda Clayton  
Operations Commissioner
